▶ **Vision and Prayer Focus ~ 2007:**

- * **Noah's Ark Home needs a solid, weatherproof house to replace the bamboo structures. This will accommodate 15 girls, their mommy, 2 aunties, and 3 staff helpers. Approx. \$75,000 is needed for this project.**
- * **Pray for several of the little girls' health to improve from malnutrition.**
- * **This family reaches out to community children whose families do not have money to send them to school. They are sacrificially giving to provide schooling for many children. Pray that their example will be a light in the community.**
